

INDIAN HAS FIGHT WITH WIFE AND SUICIDES

ACQUIRES A LOAD OF FIRE
WATER AND THEN SHOOT
SELF IN HEAD.

Indian Joe, quite a familiar figure about the streets of Tonopah, departed for the happy hunting ground at about 3:30 o'clock yesterday morning by attempting to wallow a bullet from a .32 caliber revolver. Joe was unsuccessful in his attempt and as a consequence he will be buried today at the expense of the county.

The suicide was the culmination of a carousal in which Indian Mike and Joe Farrington, also an Indian, were the chief participants. Mike's wife, Annie, admitted having indulged a little bit in the fire water but placed the blame of the celebration on Joe. The four were pretty well soused along about 3 o'clock when Joe conceived the idea of suiciding, having previously had a falling out with his squaw, who is known as Mattie. Joe's intemperate ways aggravated Mattie and she objected strenuously to seeing her hard earned wages, the result of hours spent over the wash board, spent for whiskey and the pair agreed to disagree Thursday night and Mattie returned to her cabin and did not join in the celebration.

Joe, on his return from town secured his revolver from a grip and made the threat of departing for the land of his ancestors. Mike tried to dissuade him and Joe started out on a lone walk around Mt. Brougher. The camp of the Indians is located on that mountain near the end of Bryan avenue. Joe had only traversed a short distance when Mike and Annie caught up with him. Mike argued with his companion while Annie walked along behind. Suddenly Joe pulled the revolver from his pocket and placing the muzzle at his chin fired the shot that ended his existence.

Mr. and Mrs. Mike, after a hurried examination of the body, which showed that death resulted almost instantaneously, returned to their mansion and communicated the news to another member of the tribe. In a short time the report of Joe's sudden demise was the current subject of conversation on the streets of the Pahute village, and one of the boys started to town and informed Deputy Sheriff Ed Welch.

In the meantime some unknown parties removed the remains to one of the cabins, where it was found by the officer. Later the body was taken to the morgue. The revolver was hid under a rock near by and this was also recovered later.

At the coroner's inquest, which was held by Judge Atkinson during the afternoon the Indians who testified proved to be very reluctant witnesses. In fact it was impossible to determine who removed the body and who hid the pistol. The Indian lad who acted as interpreter proved to be a great help in the investigation and considerable testimony was elicited that might not have been brought out otherwise.

The verdict of the jury was that the deceased came to his death by a bullet wound inflicted with suicidal intent.

VOLUNTEERS WILL GIVE DANCE MONDAY EVE

COMMITTEE REPORTS BIG SALE
OF TICKETS AND LARGE
SUM SHOULD RESULT.

Practically everything is in readiness for the grand Uniform dance that will be given by the Volunteer Fire department Monday night at the Miners' Exchange hall. The boys hope to secure sufficient funds with which to purchase uniforms so that on occasions when the volunteers are called to turn out upon some public occasion, they will all appear in the same dress. From the advance sale of tickets, it is assured that the committee will be successful in their efforts.

Marino's orchestra has been secured from Goldfield and will provide the music. This alone is quite an inducement to the dance lovers.

ITALIAN BOUND TO APPEAR BEFORE THE GRAND JURY

SLAYER OF W. CLARK HAS
PRELIMINARY HEARING
LAST NIGHT.

The preliminary hearing of John Antonini, charged with the murder of J. W. Clark at Millers last Sunday night, was held at the Millers last evening before Justice of the Peace J. W. O'Connell. Judge J. A. Sanders of this city represented the defendant, who was not

present, the attorneys having stipulated that no undue advantage would be taken owing to his absence. Antonini is at present confined in the county jail at Goldfield.

A number of witnesses were examined following which the court bound the defendant to appear before the grand jury, which will convene in a few days to investigate the case.

Dominick Antonini, the brother, was released several days ago when his hearing was before the court at Millers.

KEITH AND KEARNS HERE ON A VISIT

MILLIONAIRE MINING MEN ARRIVE YESTERDAY MORNING FROM SALT LAKE.

David Keith and Senator Thomas Kearns, owners of the Silver King mine at Park City, which has paid over \$16,000,000 in dividends, and also owners of the Halifax property in this district, arrived yesterday from Salt Lake, in the private car of General Manager Wells of the San Pedro road. The party was accompanied by Purchasing agent Foster of the same road, who, with Mr. Wells, is on a trip of inspection.

Both Mr. Keith and Kearns make it a point to visit Tonopah at least once a year and their presence here yesterday was the result of the news sent out regarding the wonderful showings in the Belmont, which is near the Halifax property. Both gentlemen paid this mine a visit during the afternoon and through the courtesy of Superintendent Frederick Bradshaw were afforded the pleasure of inspecting the underground workings.

When it was learned that the millionaire mine owners were in town a number of rumors were immediately put in circulation, all of which referred to the resumption of operations in the Halifax, but this proved to be groundless, for both gentlemen emphatically announced that there was nothing contemplated concerning this property at the present time.

"We are merely here to look over the camp, having heard much of late regarding the wonderful developments," was the way in which they expressed themselves. "As we are quite familiar with the different properties we wished to see for ourselves concerning the late strikes, and can truthfully say that every report sent out has not been exaggerated in any detail."

Messrs. Keith and Kearns were kept busy throughout the day, when not employed in inspecting the different mines, in greeting old friends, for the two are considered the most popular men in the west and their acquaintances can be found in every country in the world.

They intend to complete their visit today and will depart for the south, en route to their homes at Salt Lake.

STRONG ENDORSEMENT FOR Gold Medal Flour

Many Handsome Things Have Been
Said About GOLD MEDAL FLOUR

by those who have used it. But if you haven't read the others read this one. In it the University of Nevada Chemist goes on record as believing that no where else in the west is a flour which is the equal of GOLD MEDAL. This is a letter that money could not buy, for back of it stands all the prestige and authority of Nevada's highest educational institution. Here is the letter:

Nevada Agricultural Experiment Station,
"Department of Food and Drug Inspection,
Reno, Nevada, April 29, 1910.

"Mr. Paul D. Roberts,
"Riverside Flour Mill,
"Reno, Nevada.

"Dear Sir:
"We have made an analysis of your 'Gold Medal Flour' and find as follows:

Moisture	10.55	per cent
Nitrogen	1.94	per cent
Protein (Nitrogen X 6.25)	12.12	per cent
Ether Extract (Fat)	1.37	per cent
Crude Fiber	.11	per cent
Nitrogen Free Extract	75.26	per cent
Ash	.59	per cent

"Further examination showed the flour to be unbleached and free from foreign matter. From ten grains of the flour we obtained 1.58 grams of dry gluten, or 15.8 per cent.

"For your information will say to you that the above analysis shows this flour to be far superior to any flour I have examined in all my experience in the western states.

"SANFORD C. DINSMORE,
"Chemist in Charge of Food Control."

GOLD MEDAL FLOUR won its name at the great world's fair in Chicago, where, in competition with flour from all parts of the world, it was awarded the gold medal. At Omaha it took the Blue Ribbon, and wherever it has been tested it has won the same high commendation as that which is embodied in Prof. Dinsmore's letter. Specify GOLD MEDAL when you order of your grocer. Every sack is absolutely guaranteed. You will then get the best flour in the market, you will save money, and you will be showing your loyalty to Nevada industries.
